Year 13 Enterprise project with the Craft Coop Windsor

Dear parents and carers

In year 13 we are developing an enterprise project called Re-Store, a home and gardenwear shop that we will be taking out into the community.

Our first experience is an opportunity to have a space in the Craft Coop shop in Windsor from 29th September to 17th November to stock and sell our products

Students are currently making some really great products to sell as well as scouring some eco friendly items from a wholesale shop to mark up in value. As part of the opportunity for the enterprise team we will also need to work a shift in the shop and this will be on Mondays from 10.00am - 1.30pm. We will offer all year 13 students the opportunity to work 1 or 2 hour shifts and would like all of the year 13's to try at least one shift during the project.

Students will already be at college and will be dropped off and collected at the coop for their shift by staff. They will still be able to have lunch at college as normal.

We will be taking students up to the Craft Coop shop on the morning of Tuesday 23rd September as part of the college day so they can see where it is and what it looks like as an introduction.

If you have any questions about the project please feel free to contact me
