27th November, 2024

Dear Parents and Carers,

The Sustainability Centre - Wednesday 27th November 2024

On Wednesday 27th November, we will be going to the Sustainability Centre where Year 7 pupils will take part in a Stone Age Day and Years 8 and 9 will take part in a Sustainability Day. There will be a focus on Stone Age life and other aspects of our curriculum including Bushcraft and Horticulture. It will be an exciting day with lots of hands-on activities to keep the children entertained.

As it is an outdoor activity centre, and the weather can be unpredictable, we would suggest that your child comes to school with a waterproof coat, sensible footwear and in something warm enough to be outside for the majority of our day. We will be taking medication for any pupils who require it and will cater for pupils with allergies and special diets with packed lunches so there is no need to send your child in with a packed lunch.

We will expect our pupils to behave in a sensible and considerate manner as they will be representing GRK and will be with members of the public. Please remind your child about the importance of good behaviour on our visit, thank you.

There is no action on your part, as we've already received your consent for school trips. Due to this trip happening within our school day, there will be no effect on taxis or timings. Thank you for your support.

Kind regards

Fran Curme
Head of Humanities
