18th September 2026

Dear Parents and Carers,

National Manufacturing Day 24th September

As part of National Manufacturing Day on Thursday 24th September, we have been given the opportunity to visit Fox-VPS Ltd in Camberley. Fox-VPS specialise in the manufacture of precision machine castings, components and finished assemblies for the defence, aerospace, automotive, nuclear, oil and gas and other specialised industrial markets.

Your child has expressed an interest in coming along to Fox-VPS Ltd. This trip will enable students to learn about careers in the engineering/manufacturing industry via first hand experience. There will be plenty of opportunities to practice social and communication skills, as well as taking part in a STEM related activity.

We will be taking a packed lunch provided by school and will cater for any allergies. If your child would prefer to bring a packed lunch from home that is absolutely fine.

Please could you remind your child of the importance of good behaviour whilst on the trip as they will be representing The Green Room School. This trip will take place within the school day so no further action is needed on your part.

Please do not hesitate to contact the school office if you have any queries.

Kind regards,

Rob

Rob Mynard
