11th September, 2026

Dear Green Room Parents & Carers,

Please find attached the final Ofsted Report following the inspection of our school and college in Windsor at the end of the summer term.

You will see that the report structure has changed slightly. Schools no longer receive a 'one word judgement' (like 'outstanding' or 'inadequate') but are graded like a report card across several areas. We have been graded 'strong' in all areas and 'exceptional' in three. For context, since the new inspections began last November, these gradings place us firmly in the top 1% of schools in the country, which represents an extremely rare achievement.

Please take a few minutes to read it through (10 pages). The report has managed to capture the brilliant work that is going on across our provisions in Windsor and the Foundation as a whole. It celebrates our whole community for which we can be proud.

We would like to extend a huge debt of gratitude to you all, not only for the support and challenge you give us on a daily basis, but for taking the time to contribute your thoughts and feelings about the education we provide to the inspectors. The parent survey was completely anonymous, but the feedback we received was humbling. Thank you for the trust you have placed in us and the work you do to ensure our students come to the Green Room everyday.

Ofsted inspections are not the reason we come to work and strive to do our best, but when the achievements of our staff and students are recognised in this way, it does provide a strong sense of validation and motivation that we are heading in the right direction. We also recognise that the education sector is under increasing pressure and as a charity we are working in different ways to offer our support to the families and schools outside of our organisation. This report does serve to help us in that work.

The full report will be available on the Ofsted and Green Room website in the next few days, but for now, you are the first ones to receive it. If you have any thoughts, comments or questions please do not hesitate to get in touch.

Yours sincerely,

Richard Allen
CEO, on behalf of us all at The Green Room Foundation
