the GREENROOM windsor

Friday 2nd October 2026

Dear Parents and Carers,

In the last week of this half term we will be embarking on our latest curriculum collapse journey for the last three days. This is a great opportunity for our young people to engage in a cross curricular experience aimed at provoking curiosity and consolidating the interconnected nature of our taught subjects.

For the last three days before the October half term we'll be investigating Civilisations. There have been many great civilisations that have left a lasting influence on the world today. Advancements in urbanisation, writing systems, symbolic communication, folklore, religious practices and social organisation provide us ample opportunity to examine some fascinating cultures.

Students have been sent a google form so that they can select the sessions they would like to attend. Individual time tables will be provided to students but attached to this email is the full time table so that you can see what is happening across the school.

On Thursday students will have a choice between visiting Ninja Warrior experience in Guildford or visiting the British Museum in London. Students can arrive at normal times but I would stress that I would like to leave school at 10 am to maximise our time. Students will either travel by train to London or via the school minibuses to Guildford. Packed lunches will be provided as required.

If you have any concerns or would like to discuss anything further please contact me directly at tom@thegreenroomschool.com or phone the office and I will return your call at the earliest opportunity.

Tom Tilbury
SENCo/Leader of curiosity
